Donald, I'm happy to try to find some time this week to discuss. I am happy to read the letter and bring it to the councilman. As to the official submission, you should probably get it to the city clerk staff who works with your NC regularly.

Thanks!

Matt

Good Morning Matt...

We understand that you are the person that the attached letter should be directed to, right?

May we talk by telephone as well? When is a good time?

Thank you.
